Szczyt łuku pionowego

The figure is a detailed technical drawing of a road cross-section and its drainage system. It is divided into several sections, each labeled with a specific elevation range (e.g., 0+100, 0+200, 0+300, 0+400, 0+500, 0+600, 0+700, 0+800). The drawing shows the road cross-section with a 10% slope, flanked by drainage ditches. The ditches are shown with their respective slopes and elevations. The drawing also includes a detailed view of the drainage system, showing the flow of water from the road into the ditches and then into the main drainage channel. The drawing is a technical drawing, likely a plan view, showing the layout of the road and its drainage system.
